HCHD Summer Community Health Fairs

Health fairs offer immunizations and screenings

The Harris County Hospital District has begun its annual summer community health fairs. The health fairs offer one-stop convenience for high blood pressure, cholesterol and diabetes health screenings and immunizations.

Time/Location

August 21
9 a.m. to 12 p.m.
Gulfgate Health Center
7550 Office City Drive
Houston, TX 77012

Time/Location

August 28
10 a.m. to 2 p.m.
Acres Home Health Center.
818 Ringold
Houston, TX 77088

“Our health fairs are focused around the community,” said Michelle Fowler, Gulfgate Center Director. “We help parents prepare kids for school by offering free immunizations.”

The Hospital District is the nation’s fourth largest metropolitan public healthcare system. It provides quality health care to Harris County residents through a system of three hospitals—Ben Taub General Hospital, Lyndon B. Johnson General Hospital and Quentin Mease Community Hospital—12 community health centers, a dental center, and six school-based clinics.

For information on future health fairs, call the hospital district’s health fair hotline at 713-566-6718.
